Javna Uprava

The publisher of *Javna uprava* journal (Public Administration) is *Inštitut za javno upravo pri Pravni fakulteti v Ljubljani* (IJU) – Institute for Public Administration at the Faculty of Law Ljubljana, an independent research and consulting organisation. Since 1960, it publishes the professional-scientific journal, with this title since 1990. It is issued in **four numbers**, at least two times annually (double issue).

Recently, the journal was included in the international bibliographic base *HeinOnline*, which means availability of the published articles to experts and scientist globally. The *Slovenian Research Agency* is financially supporting the journal and has acknowledged it as one of the relevant scientific journals in Slovenia.

Editor-In-Chief is a professor at the Faculty of Law Ljubljana Bojan Bugarič, assisted by the Editor Boštjan Koritnik (potential authors are welcome to submit their proposals to urednik@iju.si). The journal helps the Institute of Public Administration to ensure a constant flow between science and practice, a prerequisite for an effective state and rule of law.
